Collinstown were appointed by a private client on this buy to let investment property.

We carried out a complete refurbishment on the interior of the flat bringing it up to date with the stylish kitchen installation seen above.

In addition the heating system and electrical services to the property were upgraded with a new boiler, contemporary radiators and controls.

The bathroom also got a make over with a new suite, wall and floor tiles and under floor heating for that extra cosy finish.

New doors with glass panels to allow plenty of natural light in complemented by fresh decoration and timber flooring.
