Streathbourne Road - SW17

Collinstown were appointed by the Robinsons via an FMB Find a Builder enquiry to refurbish this substantial family home and de convert 8 rooms from bedsits.

The front of the property got a face lift with a complete cut out and re pointing of the brick work including some helibar repairs and cosmetic repairs to the stucco work.

The majority of internal walls and ceilings were replastered and decorated, full plumbing and electrical installations took place and a few of the beautiful sash windows were replaced to match exactly the existing.

The Robinsons are delighted with the outcome and have recommended us on to others.
